### New Art Pieces Wanted

Many of our artists are not represented in the Gallery right now, if you have some work to bring in to put on display and sell or rotate out pieces that have been here for a while please do. We have had a great turnout for this months show along with quite a few sales, please consider adding to the work available. With warmer weather here its also a great idea to put some more seasonal pieces in.

## Artist of the Month

Jo Ann Bast is May's artist of the month. She is a local artist with varied talents and constantly surprises gallery patrons with her various creations. When asked about her inspirations she said "As far as creating, I got my first camera when I was 8-a Kodak Brownie and from that time on remember visualizing the world as compositions. I love pattern and texture and color. I work in beads, felt, yarn, fabric, and paint." More of her work can be seen online at [www.jbast.com](http://www.jbast.com) or [www.jbastbeadwork.blogspot.com](http://www.jbastbeadwork.blogspot.com)
